

Surgical Plan & Full Experience

In your case, our doctor recommends a hair transplant procedure divided into two days. Below you will find the detailed schedule of both surgical days, along with important information regarding your overall experience with us.

✦ Day 1

- Arrival at the clinic
- Completion of consent forms and necessary documentation
- Patient preparation: vital signs check, scalp photography, hairline design, shaving (and hair coloring if needed)
- Beginning of the procedure: local anesthesia and graft extraction
- Lunch break
- Graft implantation in the first area
- Completion of the first day

✦ Day 2

- Arrival and preparation
- Graft extraction and implantation in the second area (with a short lunch break)
- Final stage: completion of implantation in the hairline
- Detailed post-operative instructions and full guidance from our medical team

Your Stay in Thessaloniki 🇬🇷

To make your experience smooth and enjoyable, your package also includes:

- 🏨 **Three nights** of accommodation at the beautiful Elizabeth Boutique Hotel, located in the heart of the city (breakfast included)
Here is the link to your lovely hotel: <https://elisabeth-hotel.gr/>
- 🚗 **All transportation** within the city, fully arranged by our team — including airport pick-up, transfers between the hotel and the clinic, and your return to the airport

We take care of everything locally so you can simply relax and focus on your procedure.

✈️ **The only thing you'll need to arrange is your flight tickets. Once we confirm your surgery date, booking your flights will be the only step on your side — we'll handle the rest.**

We Look Forward to Welcoming You 😊

From the moment you arrive in Thessaloniki until the day you return home, our entire team will be by your side to ensure a safe, comfortable and truly personalized experience.

Your trust means a lot to us, and we are committed to delivering not only excellent medical results, but also a journey that feels organized, supportive and stress-free.
